DONATIONS CURRENTLY DOUBLED!!!

Ms. Thompson has started a Donors Choose project looking for an alto xylophone and an Orff instrument stand. Please consider donating - Ms. Thompson has been an amazing addition to the staff here at HHES and her passion for teaching and music has shown in the progress our students have made and the wonderful performances we get to see throughout the year. She has passed on that love of music to the students and helped them discover their talents and develop the confidence performing requires. Any amount will help her continue to help our students. Thanks!

From Ms. Thompson:

I have up to 46 students in and class and only 12 xylophones. Much of their class time is spent waiting for an instrument. Having another xylophone will allow more students the opportunity to play, perform, and make music.

I want them to have the necessary instruments to explore their creativity and passion for music. Young musicians deserve to have the instruments they need to explore their creativity and become lifelong music-makers. These students have a strong passion for music. For most children, my class is their only exposure to music from various genres and cultures.
